Jim and Avant Advisory have been engaged by *both counsel and buyers/investors to investigate and opine on numerous forensic and fraud examinations, including post-acquisition, conflicts of interest, breach of fiduciary duty issues, and other disputes.* He and Avant provide M&A transaction advisory support and have performed hundreds of buy-side and sell-side diligence engagements that include financial / quality of earnings and operations for companies ranging from distressed to multi-billion-dollar firms.

Jim has served in senior executive positions at both public and private companies ranging from entrepreneurial to multi-billion-dollar firms. After 10 years of accounting, auditing, M&A transaction advisory, turnaround and restructuring consulting for Big Four CPA firm PricewaterhouseCoopers, Jim transitioned to private industry. *He has served as a member of several boards of directors and in various financial and executive positions,*

including president and CEO, COO, CRO, CFO, secretary-treasurer, chief accounting officer, and corporate controller.

Jim integrates experience from private industry, public accounting, auditing, and consulting. His combined experience and professional qualifications fulfill financial expert requirements defined by Sarbanes-Oxley, NYSE, and NASDAQ. He also served on the Financial Executives International committee for Mid-Sized Public Companies. *He has been a designated expert witness in both federal and state court cases.*

He has served on the Business Bankruptcy Task Force of the American Bankruptcy Institute and was a *member of the Board of Directors of the Orange County Forensic Expert Witness Association. Currently, he is a member of the Board of Directors of the Los Angeles Chapter of Association of Certified Fraud Examiners, where he also served as president for four years. He co-founded both the Southern California Chapter of the Private Directors Association and the Orange County Transaction Network.*

Jim is a former university-certified facilitator and instructor and has taught both graduate and undergraduate courses in business and management. These courses have primarily related to financial and managerial accounting, financial reporting, auditing, finance, economics, *fraud investigations and financial forensics, business ethics, corporate management and governance*, strategic planning, mergers & acquisitions, and critical thinking.

He has presented to multiple professional and business organizations on topics related to mergers and acquisitions, financial structuring and the capital stack, financial due diligence, *fraudulent financial reporting, forensic accounting*, investing in distressed companies and special situations, operational turnarounds, and financial restructuring that include:

Presentations
